## A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn *why* this medicine has such a wide range of application in the cure of diseases. It is sent *free*. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

### FIRE ON AN OCEAN STEAMER.

For a day and night the crew of the Veloce line steamer Nord America fought the flames which had broken out in the ship's forward coal bunkers. The steamer was on her last trip from Naples to New York, which ended yesterday, when, smoke begrimed and manned by white-faced officers, she crept into port.

The Nord America left Naples on September 13. In her steerage were 1,333 passengers. Her first cabin held 85 voyagers. After the first few days out all went well and then when the big vessel was six days nearer to America the most dreaded of all sea perils broke out.

The passengers had finished their evening meal and were lolling about the deck enjoying the fine evening when from the ventilator of the forward coal bunker came a tiny blue wisp of smoke. The immigrants thought nothing of it, but it was a gray-faced engineer who reported to Captain Barbieri.

Without a word to the passengers the coal passers were put to work to find where the flames were eating their way into the bunkers.

When they finally located the blaze it was seen at once by the officers that they were face to face with a bad fire. The coal had been loaded damp and the whole mass was aglow with flames that only needed a puff of wind to fan them into destructive fury. The emigrants were ordered forward while the hatches were taken off in order that water might be poured on the glowing coals, but when the battens were hammered off and a dense cloud of yellow smoke rolled out, a scream went up from them.

"The ship is on fire. We shall die!" they screamed, running to and fro. Women clutched their babies and hurried to the rail. Then a man's voice called: "To the boats! Lower the boats!"

The crowd took it up. Wild-eyed men and women pressed forward. Some of them wielded knives. The crew fought them back, but they pressed in with the strength of terror.

To add to the horrors of the situation the sea began to rise and Captain Barbieri saw that a boat launched in such weather would have no chance of life. He ordered revolvers issued to the crew. Then he stepped up to the bridge and hailed the panic-stricken crowd.

"You will be safe if you trust to us," he said, "but the first man who tries to cut a rope or to rush the boat will be shot."

The terrified crowd quieted down as they listened and presently the crew drove them below. Then the whole ship's company turned to and fought the fire with steam. It was stubborn and several times it looked as if the ship would have to be abandoned, but they stuck to their work and at last the smouldering mass of coals was extinguished.

In the panic a woman named Julia Fizzemonte, who was on her way to New York to meet her husband, died of a hemorrhage caused by excitement as she fought with the frenzied crowd at the boats to save her children's lives.

### Social Democracy in Germany.

A dispatch from Mannheim, Germany, says that at the annual congress of the social democratic party, yesterday, Dr. Bebel, the socialistic leader in the Reichstag, said that the proposed political strike would not be feasible until the party was so much better prepared and organized that defeat at the polls would be impossible. Were the strike en masse organized now not only would defeat be certain, but popular ill will would be aroused and the party would be laid under the ban of special legislation. Moreover, a strike en masse could not be artificially arranged. It was possible only where the masses were desirous of and ready for it. Even in Russia, where there was less freedom than in Germany, the people had refrained from it because it was not considered that the situation was favorable for it. Speaking of the relations of the social democracy to the trade unions, Dr. Bebel said they were now nearer together, as the union leaders had said that in case the right of coalition should be infringed they would immediately begin a strike en masse, even without awaiting the word of command from the social democracy. Dr. Bebel freely admitted that the social democratic party could do nothing without the support and cooperation of the unions, as the situation in Russia showed.

### Remains Identified.

Mrs. Josephine Benes, of 359 east Seventy-first street, New York, satisfied the police yesterday evening that the victim of Sunday's butchery in the vicinity of west Thirty-sixth street was her husband, Joseph, who deserted her four weeks ago. The head of the dismembered body is still missing, but identification seemed positive from peculiarities of the hands and feet, as well as birthmarks on the body. Benes was 35 years of age, and employed in a carriage factory on Forty-second street. According to his wife, he was sober and industrious, and so far as she knew had no enemies. When he left home he carried a watch, some $22 in cash and a bank book representing deposits of $400. The Benes are Armenians, and came to this country 16 years ago. Recently they quarreled because of the wife's wish that they return to their native country at once. Benes wished to remain in New York two or three years longer, and as an upshot of the contention left his home a month ago.

Had Any Jewelry Accidents

While enjoying your vacation? If you had, do not throw the pieces away. What you may believe is impossible to fix, we are most likely able to repair and return to you looking like new.

We have just fixed up a broken brooch pin that came to us in an awful state. Now it looks as though nothing ever happened to it.

It might be well to have your travelling alarm clock and your watch cleaned. A great deal of sand and dust must have crept into them. Matter of this kind will eventually damage the works considerably. But if you have the cleaning done now you will not only prevent serious accidents, but will have the time-pieces in perfect repair for at least a year to come, and we guarantee our repairs for one year.

If you did not break your watch chain it certainly must show the wear and tear it was subjected to during the summer. Let us fix it up and replate it. Our charge is fair. Or if you would rather add a little to the repair charge and get a new chain purchase the guaranteed Z-K Gold Chain. The chain is guaranteed not to break in natural wear in twenty years.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING. SEPT. 27, 1906.

THE PHILADELPHIA RECORD, which has the happy faculty of occasionally seeing things from a southern standpoint, today has the following to say on the Cuban situation.

To all reflecting people the scenes in Atlanta should afford a warning against the annexation of Cuba to the United States. Is it imagined that the manifestations of race hatred in Georgia would not renew themselves with greater violence in Cuba when it should fall into possession of this government? The trouble in Atlanta will be suppressed and order effectually restored; there is no doubt of that; but it would be a great mistake to assume that conflicts of race can be so easily stopped in Cuba. The Cuban negroes, and especially the mulattoes, who constitute the rank and file of the struggling insurgent forces, jealously claim their right of social and political equality. Any attempts of the whites to lessen or disparage this right would be followed by very different results from what are witnessed either in the northern or southern portions of this country. The government of President Palma is practically a white man's government, and there is no question that this has had a large share in the insurrection. Under annexation the government of Cuba would be a white man's government, as are the colonial governments of the Phillippines and Hawaii. Among the whites of the north there is just as much race feeling as among the whites of the south; and should Cuba be annexed this feeling would be apt to assert itself as much there as in Pennsylvania. For the reason that this country has enough race trouble of its own, it would be folly to borrow still greater by annexing the negroes and mulattoes of Cuba

A SHORT month ago the democracy of this country was in the ascendant beyond all dispute, and everything looked most roseate for the success of the party at the polls at the approaching congressional election, and also at the presidential election two years hence. Then landed in this country, after a wonderful tour of the world, Mr. William J. Bryan, who, despite the protests and urgings of his best friends, made that unfortunate speech in favor of public ownership. Although the utterance was but the sentiment of the speaker, who afterwards said he did not wish to force his ideas on the democratic party, yet it caused a change of views among thousands of men and was felt as a body blow to the party. Now comes the action of the democratic party of New York last night in nominating for governor of that State Mr. W. R. Hearst, a man entirely unfitted for the high honor, and on a socialistic platform, although it declares against socialism. But it is an old saying that when the republican party is on the very verge of defeat, the democrats can be relied upon to make such mistakes as to set the republicans right again. And there seems to be much truth in this observation. Truly in New York the republicans have put their best foot forward and the democrats their worst one.

A YOUNG MAN at Lawrenceville, N. J., goes at the head of the list of football victims for the season. He was killed yesterday in a practice game. There was some lively practice, and he was carrying the ball for a touch-down when another player kicked him in the head with his heavy, spiked shoes. The unfortunate young man staggered for a minute, but walked off the field apparently unhurt. An hour later, while in school, he fell unconscious, and before medical aid could reach him was dead. It is supposed his skull was fractured. Before the season ends the football death list will probably number many score.

A REDUCTION of representation in the electoral college and in Congress to offset suppression of the elective franchise is demanded by the republicans of New York. This is another blow aimed at the South, but it will never land. There is no doubt that the northern republicans would so arrange matters, if they could, that the South would be bound hand and foot and be at their complete mercy, but they "can't do it, you know."

THE distracted democracy of the State of New York, brought to the brink of a plunge into the mire of socialism, shrank back aghast and then apparently with renewed determination, made the plunge, it is feared to destruction—certainly as far as the November election is concerned.

THE TURKISH government has again postponed the audience set for the American Ambassador, Mr. Leishman. The latter must be lacking in self respect or long before this he would have ceased his importunities for the audience which may never be held.

AS THE railroads of the United States are killing twenty-six persons and maiming 288 every day, the Philadelphia North American asks: Isn't it time to have those safety appliance laws repealed?

SINCE the United States has become mixed up in Cuban affairs Spain can sit still and enjoy a laugh at the expense of this country.

## From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, Sept. 27.

There is a more optimistic tone about the War Department this morning as a result of the news from Havana that the warring factions in Cuba have agreed to meet through representatives and to submit any points upon which they cannot agree to the American commissioners for determination. Confidence in Secretary Taft and in his ability to bring order out of the present chaos is expressed and among the higher officials the hope is entertained that it may not be necessary to send any United States troops to Cuba. Despite this feeling, however, there has been no relaxation in the efforts to get everything in a state of preparedness to meet an emergency call. Troops are ready to move whenever the word comes from Oyster Bay. Supplies of all kinds are being collected at convenient points for immediate shipment. It is intended that the first shipment of troops shall consist of 6,000 men and that they shall embark at Norfolk. The horses, mules and impediments will be sent from Tampa.

In the meantime the navy is rushing marines forward. By Saturday 1,000 marines will be afloat and on their way to Havana.

As soon as the Columbia arrives on Saturday off the entrance to Chesapeake Bay and transfers Secretary of State Root to the Sylph which is to bring him up to Washington, she will carry her 100 marines to swell the total assigned to Cuban service.

If Secretary Taft is able to bring about an agreement between the Cuban factions it is hoped that the 2,500 marines and the large number of sailors that will be available for landing parties from the great fleet that the United States is assembling in Cuban waters will be amply capable of handling the situation and of seeing that the modus is sustained.

According to the Board of Visitors to the United States Military Academy hazing at that institution is a thing of the past. General Horace Porter, who was president of this board, has signed a report to the Secretary of War in which the following statement is made: "The practice of hazing new cadets, at one time prevalent among the older students of the academy, has been effectually stamped out, and we have been informed that no instance of real hazing has come to the attention of the academy authorities during the last three years or since effective measures were employed for its abolition." Athletics at the Military Academy have attained a very high degree of excellence. The board says that the splendid physical condition of the corps of cadets testifies to the wisdom of the athletic training given them during their four years' course.

The Department of Justice handed down an opinion this morning, holding that there was nothing in the meat inspection law to prohibit the interstate transportation of imported uninspected meat and meat products. It calls the attention of the Secretary of Agriculture, however to the fact that the pure food law which will become effective January 1, prohibits the interstate transportation from one State to another or from a foreign country any article of food or any drug adulterated or misbranded.

The chamber of Commerce of El Paso, Texas, has filed a complaint with the Interstate Commerce Commission asking that the discrimination in freight rates against it by the Santa Fe, Texas Pacific and other railway, be abolished. It wants to be included in the "common point" classification enjoyed by Fort Worth and San Antonio.

Miss Audrey Mae Wrenn, of Waxpool, Va., and John Herbert Mills, of Herndon, eloped yesterday and after an all night's ride were married today in Rockville, Md.

### Virginia Baptists.

At yesterday's session in Petersburg of the Virginia Portsmouth Baptist Association voted to divide the organization into three different associations on account of the body being too large. The question of division has been urged for fifteen years or more. The membership as divided consists of two new associations, with the old one still in existence. The lower district will be known as the Portsmouth Association; the upper district as the Petersburg Association, and the middle district as the Blackwater Association.

W. B. Daniel was elected moderator of the Petersburg Association; Rev. J. R. Doan, of Petersburg, vice moderator, and Rev. H. C Smith, of Emporia, clerk and treasurer.

Rev. C. S. Blackwell, of Norfolk, was elected delegate to the Southern Baptist Convention, which meets in Richmond next May. The association adopted the following resolution:

Resolved, That we approve and indorse the plan to endow a John D Broaddus memorial chair in the Southern Baptist Theological Seminary; that we commend the same to the sympathy and the prayers from churches, and that we urge our people to contribute to this good work.

Reports on education, home missions, and State missions were also presented and adopted.

### Bishop Coadjutor.

The official order for the consecration of Rev. B. D. Tucker, D. D., as bishop coadjutor of the Diocese of Southern Virginia, was received in Norfolk yesterday by telegraph from Bishop Tuttle, the presiding bishop of the Protestant Episcopal Church in the United States. The ceremonies will occur on the morning of October 3 in Old St. Paul's Church, Norfolk, of which Rev. Dr. Tucker has been the rector for over a quarter of a century. The following bishops will participate in the consecration: Presiding bishop, Bishop A. M. Randolph, of Southern Virginia; consecrators, Bishop Gibson, of Virginia, and Bishop Peterkin, of West Virginia; presenters, Bishop Satterlee, of Washington, D. C, and Bishop Cheshire, of North Carolina; preacher of the occasion, Bishop Peterkin, of West Virginia.

The October Cosmopolitan, which has been received from its publishers in New York, shows an even more than usual attractive title page. The second instalment of Edwin Markham's "The Hoe-Man in the Making," tells of Child-wrecking in the glass factories. "The Wonderful New Inland Sea" in California and the cause is graphically discribed. "Rise of the New San Francisco," "Why Labor Shuns Panama" and "The Story of Andrew Jackson" will be read with interest. Other good articles, a serial, six clevers hort stories, poems, etc. helps in the make up of this popular issue.

## News of the Day.

Wm. Travers Jerome will take the stump for the republican candidate for governor of New York, Charles E Hughes, nominated at Saratoga yesterday.

William J. Bryan, in a speech at Nashville, Tenn., yesterday declared that "it might not be wise two years hence" for any party convention to indorse him.

After divorcing five husbands and burying two, Mrs. Wakeman-Sunders-Godfrey-Lindley-Crowther-Le Page, of New York has taken unto herself an eighth, and now she is enjoying her new honeymoon with as much zest as she did the first one, twenty-five years ago.

Edward Crummer, business manager of the Baltimore Sun for the last twenty-five years, died yesterday of heart disease. He was fifty-nine years of age and had been connected with the Sun for thirty-eight years. Mr. Crummer was at his office as late as 7 p. m. yesterday.

The fast passenger train on the Wabash Railroad which yesterday crashed through an open switch into a freight train at Catlin, Ill., killed four trainmen and three passengers, and injured thirty-five other persons, most of them slightly. The cause of the wreck was the failure of the freight crew to close the switch.

The race riot situation at Atlanta was in control of the authorities this morning and the business has resumed normal conditions. All the militia on duty were withdrawn yesterday, the out-of-town companies being returned to their homes. The local commands, however, are under arms at the armory, ready for emergency.

J. O. Loomis, president of the Loomis Table Works, of Union City, Pa., and one of the wealthiest men in that part of Pennsylvania, was instantly killed yesterday by being thrown from his automobile in a collision with a trolley car. Fred Bendure, who was with Mr. Loomis, was so badly injured that he may die. When the Loomis automobile was hit by the trolley car it was traveling at a high rate of speed.

When Mrs. Samuel Abrams returned to her home on a farm in Garfield township, fifteen miles from Bay City, Mich., Tuesday, she found her five-year-old daughter lying dead on the floor, her face blown off by a charge from a shotgun. The dead girl's eight-year-old brother had shot her during his mother's absence while playing with a gun which he did not know was loaded. Mrs. Abrams fainted from the shock of finding her child, and is still in a critical condition. She had left her three children alone in the house while attending a trial Tuesday.

Minneapolis, Minn., policemen are confronted by a mysterious hotel murder, that of a woman and an unborn child. Attendants at the Glenwood Hotel yesterday broke into a room which had been occupied by persons registered on Tuesday as Fred Tyler and wife, and found on the bed the body of a young woman. There was a bullet wound in the top of the head, and apparently she had been dead for several hours. It is said that the man who accompanied her left the hotel early yesterday. The woman apparently was of the better class. Nothing was found to establish her identity. Her linen was marked "L. T."

### Express Rates to be Changed.

In addition to its work of fixing the assessment of the properties belonging to express concerns the State Corporation Commission today will also submit to the express companies doing business in this State a schedule of rates which must be observed hereafter by the corporations.

The new rates materially change the price heretofore prevailing in regard to expressage. They are based both on weight and the distance the package is to be carried.

For general merchandise, the old minimum of 25 cents is retained, but radical changes mark all the rest of the tariff sheet. For instance, a package weighing from one and a half to five pounds must be carried any distance up to 400 miles for a flat rate of 25 cents, but if it is from six to ten pounds in weight, a graded scale of prices will apply.

For example, the price will be 30 cents up to a distance of 150 miles; then it will jump to 35 cents and thus continue for a distance up to 200 miles. At 200 miles it will jump again to 40 cents, at which figure it will remain for the next 50 miles. At 300 the price will jump to 45 cents and thus it will continue up to 350 miles. At 350 still another five cents will be added. And so the variation goes, being regulated both by weight and the distance the package is to be carried.

In addition to the scale for merchandise, there is another for "general special goods," such as fruits, and for beer, cider, coca-cola, and other liquids. Here the minimum for 100 pounds is 30 cents up to forty miles, at forty miles it increases to 35 cents, where it remains for the next twenty miles. And so the prices keep jumping, 5 cents being added with almost every additional twenty miles.

### Storm In the Gulf.

Reports of a severe storm on the Gulf of Mexico reached New Orleans last night. Moss Point, Miss., reported that its streets were under water. A wind of sixty miles an hour was reported all along the Gulf coast from points in Alabama westward to the mouth of the Mississippi river. From Bay St. Louis on the Mississippi Sound, a message said that the outlook for the night was alarming. Sailing vessels there had to run for shelter and booms of logs broke loose in Jordan river. Biloxi, Miss., reported many washouts. Outlying portions of New Orleans were damaged by a sudden rise of four feet in Lake Pontchartrain, caused by the winds driving in water from the Gulf. Bucktown, a gambling resort on the lake, about five miles from New Orleans, was reported damaged, with some of its houses washed from wooden supports. The city of New Orleans is protected from Lake Pontchartrain by levees.

## Virginia News.

Col. E. V. White, continues quite ill at his home in Leesburg.

James E. Murphy and Miss Mary L. Gallaher, both of Prince William county, were married Tuesday at Dumfries, by the Rev. A. T. Lynn, of Stafford.

William E. Green, for many years the postmaster at White Post, Clarke county, and a leading farmer, is dead, after a lingering illness of Bright's disease. He was a native of Pennsylvania, and sixty-six years old.

The Court of Appeals adjourned at Staunton yesterday evening, after hearing argument in the case of Joseph A. Glasgow vs. Colonel H. H. Wayt, which case was submitted and will be decided at the November term of court, which will convene in Richmond.

Representative Maynard was yesterday officially declared the nominee of the democratic party for Congress from the second Virginia district, according to the vote of the primary of September 4, as canvassed by the district convention yesterday. The official count gave him a majority of 75 over Col. George C. Cabell, out of a total vote of 6,589. Col. Cabell will not contest.

The Southern Railway was haled before the state corporation commission again yesterday. Business men and farmers owning property and doing business on three branch lines are the complainants. The railroad company is charged with failing to live up to charter requirements in that it has neglected the physical conditions of the West Point, the Manassas and the Bluemont branches. It is also alleged that the passenger service provided is not adequate.

### Hearst Nominated.

In a session, which began before 8 o'clock last night and continued until a late hour this morning, the democratic State convention of New York in session at Buffalo on the first ballot nominated William Randolph Hearst for governor by a vote of 309 to 124 for Congressman Sulzer and 17 for John A. Dix. The first fight came on the report of the committee on contested seats. By a vote of 244 to 142 the report was adopted. This showed the Hearst men in control, and gave them two-score additional votes.

Mr. Hearst was first placed in nomination, and then Congressman William Sulzer was proposed, his name being greeted by a great outburst of cheering, which continued fourteen minutes. John A. Dix, of Washington county, also was named for governor.

Following the announcement of the first ballot, the nomination of Mr. Hearst was made unanimous.

The nomination of the rest of the ticket quickly followed. It is as follows:

Lieutenant governor, Lewis Stuyvesant Chanler, of Dutchess; secretary of State, John Whalen, of Munroe; comptroller, Martin Glynn, of Albany; treasurer, Julius Hauser, of Suffolk; surveyor and chief engineer, Frank W. Skene, of Queens; attorney general, W. S. Jackson, of Erie.

The platform denounces republican high protection and graft; rejects socialism as a cure for present evils in the body politic and denounces its principles; condemns municipal ownership; calls for an investigation of the different departments, especially that of banking; recommends the prosecution of insurance men under certain conditions, and calls upon the federal government to exert its influence toward bringing to an end outrages on Jews in certain countries. The platform contains the following reference to Mr. Bryan: "In common with the democrats of all the States, and expressing the sentiment of the high-minded citizenship of the republic without reference to party, we view with pride and satisfaction the hospitality and acclaim which have been accorded, at home and abroad, to that great democratic leader and typical American, William Jennings Bryan, to whom the democrats of New York extend most cordial and sincere felicitations."

### Attacked Bryan.

Major R. C. Glascock caused a tumult in a meeting of the Virginia Democratic Association of the District of Columbia last night by introducing, in lieu of a resolution indorsing the politics of William J. Bryan, a substitute bitterly arraigning the Nebraskan for what was termed his "drastic ideas."

President R. E. L. Yellott read the original resolution, which was an indorsement of Mr. Bryan's policies in reference to trusts, private monopolies and tariff for revenue. Major Glascock, who stated that he swallowed Bryan as a bitter pill in his first presidential campaign and repudiated him in his second, offered this substitute:

Resolved, That it is the opinion of this association that the democratic party should at once unload William Jennings Bryan and his drastic ideas and clear the decks of all rubbish for a successful campaign in 1908.

Following the reading of the substitute half a dozen members were on their feet clamoring for recognition. Major Glascock spoke in support of the motion, but in the numerous other speeches it was generally and strenously opposed. When put to a vote Major Glascock's was the only vote in favor of its passage.

A resolution condemning the practice of federal officers employing their time in making campaign speeches was voted down, and a resolution that tariff revision be made the paramount issue of the campaign substituted.

The following officers were elected: President, R. E. L. Yellot; first vice-president, T. Wingfield Bullock; second vice-president, Major Geo. A. Armes; secretary, M. Preston Evans; treasurer, R. A. Bates; corresponding secretary, W. Mosby Williams; financial secretary, H. B. Gregg; executive committee, R. N. Harper, W. D Cullen, S. H. Hines, A. N. Breckenridge and J. A. Cooper.

### Virginia Day.

Governor Swanson yesterday announced that June 12, 1907, will be Virginia Day at the Jamestown Exposition. Virginia Day will be four days long and it will be homecoming week for Virginians, when her sons, daughters and grandchildren will be made welcome. The Governor expressed these ideas in discussing it yesterday and declared it a memorable day in the history of the commonwealth, the day the bill of rights was enacted. The Governor declared that on that date all the militia of the State would be there, as well as the cadets and professors of the military institutions. "It is my purpose" he said, "to make the day one never to be forgotten and I will do all in my power to have all the distinguished Virginians on hand, past and present."

## Today's Telegraphic News

### Peace Without Intervention Possible!

Havana, Sept. 27.—Peace without intervention by the United States once more seems possible. Secretary Taft's ultimatum to the moderate leaders who thought they had arranged a neat little trick to put the United States in an unpleasant position by leaving Cuba without a government through the resignation of all the constitational authorities, has brought them to time.

Today the moderates are working as hard to have the latest suggestion of appointing committees from either side to arrange terms of settlement, with disputed points left to arbitration of peace commissioners, adopted as they were trying yesterday to embarrass Mr. Taft.

The outcome of their labors is eagerly awaited, as upon the answer to his proposal depends the issue of peace or intervention.

Secretary Taft soon jostled the moderates out of the comfortable berth in which they thought they had landed themselves after the rejection of the liberals' peace terms on Tuesday and President Palma's announcement of his intention to resign. This they thought would force permanent intervention, perhaps annexation, which they preferred to seeing the liberals installed in power.

Mr. Taft told them the United States would intervene if the government deserted, but only long enough to restore order and then hold a new general election. This would have insured a liberal victory eventually. Intervention in this light did not appear so desirable and the moderates got busy to have the danger averted.

It is expected President Palma will refrain from offering his resignation to Congress tomorrow, or that Congress will delay action on the resignation until the outcome of the new peace is definitely settled.

Havana, Sept. 27.—The Daily Telegraph says there are persistent rumors that the administration party, or certain influential members of it, are preparing an uprising against the Americans because of discontent at the course pursued by the peace commissioners. If the uprising materializes, it will commence, it is said, in the provinces of Matanzas, and Camaguey, where the government forces will take to the bush, and that within a very few days.

### Startling Rumors.

New York, Sept. 27.—A rumor that a tidal wave had struck New Orleans and caused great property losses reached Wall street at 10:40 this morning.

Contradictory of the rumor of the tidal wave having hit New Orleans, Theodore Price, a cotton broker, has received a dispatch from the South saying that New Orleans has suffered no serious damage, though some trouble has resulted from high water due to the prevailing high east winds from the Gulf of Mexico. The wind and rain has caused considerable damage to telegraph lines in the South and for a time today wire communication with New Orleans was seriously interrupted. The two facts are supposed to have been the basis of the tidal wave rumor.

Chicago, Sept. 27.—The general offices here of the Illinois Central, at noon, today, it was said that the company has a wire to New Orleans and that no serious damage has been done although there has been a big storm in that vicinity.

The Postal Telegraph Cable Company furnishes the following telegram from New Orleans: "The high wind and rain that usually strikes this section at the time of the equinox, have blown down the wires in numerous places. As far as we can learn, up to this time, there has been no loss of life, or property, though a tidal wave is rumored on the gulf.

Atlanta, Ga., Sept. 27.—The Western Union office here has received a report that a hurricane is blowing up the Mississippi Valley, and that a tidal wave has swept in from the Gulf over New Orleans entailing probably loss of life and destruction to property. The wires between Atlanta and New Orleans have gone down and no details can be received.

Louisville, Ky, Sept. 27.—Reports received here say that New Orleans is under water. The depth given varies from six inches to ten feet.

### Ordered to be in Readiness.

Washington, D. C., Sept. 27.—Orders have been issued to the commanding officers of a number of organizations to hold themselves in readiness to move with delay, upon notification, as a result of the Cuban troubles. The quartermasters' department has arranged for immediate transportation by rail and water, making concentration at points of embarkation unnecessary. The subsistence department has prepared the necessary travel and emergency rations and the ordnance department has ready for shipment all the stores required.

Among the organizations that have been notified are the engineers' battalion, companies E, F, G, H, Washington barracks; and the Third and Fourth batteries, Fort Myer, Va. This movement gives: engineer troops, 320; cavalry, 2,100; field artillery, 800; infantry, 2,000; marines, 2,000; sailors, 4,600. Orders have also been issued for the mobilization of a second expedition, composed of troops in the southwest, and in the posts located in Kansas and Minnesota. It is not the intention to make use of the coast artillery or infantry.

### Accidents.

Harrisonburg, Pa., Sept. 27.—Fireman Wm. Yontz was seriously burned and scalded by the blowing out of a crown sheet of a locomotive on the Pennsylvania Railroad, at Bridgeport today. Engineer M Haines and brakeman J. W. Ritchie were blown out of the cab windows but were only slightly injured.

Pittsburg, Pa., Sept. 27.—An explosion of hot metal at the Clareton Steel Works furnaces today caused the fatal burning of two men. When the furnace was tapped the molten metal poured into the sluices, and it is supposed came in contact with water causing a terrific explosion, and a metal bath for the workmen. Several other men were injured severely.

### Rescue of a Merchant.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds?" Fully guaranteed; 50c and $100 at E. S. Leadbeater & Sons' drug store. Trial bottle free.

### Hughes to Stump the State.

New York, Sept. 27.—Charles E. Hughes, republican nominee for governor, will stump the State. He will visit every section of the State and make himself personally known to the voters. Hughes' campaign trip will probably be made on a special train. His campaign will resemble the whirlwind tour of the State made by Theodore Roosevelt in 1898. Mr. Hughes said today that he was in the fight to win. He said the nomination had come to him in a pleasant way. Mr. Hughes said he would not indulge in a newspaper campaign, and that when he had anything to say he would say it publicly to assemblages that cared to hear him. Mr. Hughes would not talk on his plans for the campaign.

Oyster Bay, N. Y., Sept. 27.—President Roosevelt regards the nomination of Charles E. Hughes as a triumph for the cause of uprightness and good citizenship. The nomination of Mr. Hughes was practically decided upon by the President and Congressman Parsons some two weeks ago, when the latter paid his last visit to Sagamore Hill. The statement printed today to the effect that President Roosevelt would take the stump for Hughes is branded at the executive office as absurd. The only speeches that will be made by the President between this date and election day will be at Harrisburg and York, Pa., on October 4th, when he visits the former place to speak at the dedication of the new Capitol. Neither of the addresses will contain any references to politics, it is announced.

New York, Sept. 27.—Thousands of dollars are being wagered today upon the New York gubernatorial campaign, and the betting today in Wall street is 2 to 1 on Hughes. Hearst supporters are waiting for better odds and in many instances are holding off.

### Murder Mystery Revealed.

New York, Sept. 27.—Believing they have solved the mystery of the victim of the murder brought to light on Sunday by the discovery of a dismembered body in an excavation at Thirty-sixth street and Eleventh Avenue, the police have in custody Aram Tashjian, an Armenian, twenty years old. His victim is believed to have been his own brother, Markar. The two Armenians with a younger brother Levon, about nine years old, lived on the second floor of a tenement house at 426 Eleventh Avenue. Markar has not been seen by neighbors since Saturday evening. Aram says his brother has gone away, as he believes, to Egypt. According to the police there is ample evidence to convict Aram. Stories told by neighbors in the house are to the effect that the brothers quarrelled late Saturday night. Then there came a fall, a gurgling sound After a long interval Aram left the apartment carrying a large bundle. He made a second trip from the house when he carried other bundles. Aram denies his guilt, but told conflicting stories about his missing brother and will be charged with the murder. The police theory is that the men quarrelled over money, and that Aram struck down his brother and then cut up the body to dispose of it.

Confronted at the morgue with the grewsome remains of his victim, Aram Tashjian broke down and confessed to the police that the body was that of his brother, Markar, and that he is the murderer. Aram cleared the mystery of the missing head by saying he had thrown it into North river from one of the docks in the neighborhood of Thirty-sixth street. Tashjian said: "I killed him, and I'm glad I did, for he was the meanest fellow ever lived. He was lying on a couch last Saturday night, when I suddenly determined to put him of my way. I seized a bread knife that was lying on the table and several times plunged it into his breast. After he was dead, I got two more knives and cut the body into pieces. About 2 o'clock Sunday morning, I took the main part of the body to the excavation where it was found, and later took the arms and legs to the places where they were found. The head I placed in a valise and after weighting it with iron took it to the pier at Thirty-sixth street and threw it into the North river When I came back to the house I took up the oil cloth that was beneath the couch and after cutting out the parts that had blood on them, burned them."

### Stensland's Alleged Accomplices.

Chicago, Sept. 27.—With Paul O. Stensland lodged in a cell at the Joliet penitentiary, States Attorney Healy today began to get others in the meshes of the law. A number of persons are trembling, as a result of Healy's statements, that Stensland made a full and complete confession, and that he also furnished the names of every person who shared in the loot of the Milwaukee Avenue State Bank. Fearful that a huge bomb is about to burst, the guilty ones were reported today as preparing to leave the city. Stensland's confession to the States Attorney proved something of a surprise to Henry W. Hering, former cashier of the bank, according to his words. Hering scoffed at the protestations of his former employer, that he was a victim of a conspiracy.

### Negroes Wrecked Train.

Atlanta, Ga., Sept. 27.—Negroes, bent on vengeance because of the Atlanta race riots, wrecked Southern Railroad passenger train last night, between Columbia, S. C., and Savannah, Ga., and injured the train crew. The train was ditched. Bloodhounds are on the trail of the train wreckers. The negroes maddened by the Atlanta race troubles determined upon revenge.

Armed with crowbars, and picks, they pried up seven rails along the line of the Southern Road. The train was toppled into a ditch. Engineer McDaniel is dying, and the fireman had both legs broken. The baggageman was badly hurt.

### Roseben and Lady Amelia.

New York, Sept. 27.—The feature of the day at Gravesend will be the special race between Roseben and Lady Amelia at six furlongs to decide the sprinting championship of America. The stake is a $1,000 sweepstake and $2,500 added money. Roseben will go to the post a slight favorite. Both horses carry 123 pounds.

### Trolley Cars Destroyed.

Boston, Sept 27.—Ninety new trolley cars were destroyed early this morning by fire which consumed the Washington avenue division barns of the Boston and Northern Street Railway at Chelsea. The loss is placed at $300,000.

### The Market.

Georgetown, Sept. 27.—Wheat 69a72.

### Suspension of a Paper.

Pittsfield, Mass., Sept. 27.—At a meeting of the Sun Printing Company today it was voted unanimously to discontinue the publication of the Pittsfield Sun with today's issue. The Sun has been a weekly newspaper and has not missed an issue in 106 years. Demand for a daily newspaper and easy distribution by trolley caused the downfall of the Sun, which has been almost a family bible in the Berkshire Hills for over a century. James Harding, editor of the Sun since 1884, died on September 16, last. This was the oldest newspaper in western Massachusetts.

### Hearst's Nomination.

Raleigh, N. C, Sept. 27.—The nomination of hearst is received coldly by prominent democrats in North Carolina, nearly all of whom stand committed as not being admirers of the man or particular policies advocated by him State Chairman Simmons, who is also U. S. Senator, and the Congressmen of North Carolina, who knows Hearst personally in Washington, do not regard him as presidential timber. They say the country will not support him in a national convention, and he could not be elected.

### Refusing to Pay Taxes.

Odessa, Russia, Sept. 27.—A determined attempt by the peasants of Kutais province, Trans-Caucasus, to refuse to pay taxes, has resulted in serious trouble and fears are entertained that a general massacre of peasants by soldiers will be the outcome.

Fully 50,000 persons have joined in the movement not to give the government a kopec. Notice has been given by the government that if the peasants do not pay within two weeks, troops will be sent into the district and they will be shot down.

Without waiting for soldiers to put the threat of the government into execution the peasants have inaugurated a campaign of guerilla warfare against the troops already in the province. Tax collectors who have insisted upon the payment of money have also been severely handled in several instances.

Within the last few days a number of military sentinels have been shot down in ambush or attacked by peasants. These murders have infuriated the troops on the spot who have demanded that they be allowed to attack the peasants.

### Refuses to Bury Her Husband.

Denver, Col., Sept. 27.—For six weeks the body of David Dast, a Philadelphian, who died August 6, has been in a local morgue, while the widow, the sister of the dead man, three undertakers and several fraternal organizations are engaged in a quarrel over the payment of the burial expenses. After efforts to persuade the widow, who was separated from Dast for two years before his death, to bury her husband's body, Mrs. Barbara Fund, the sister, and F. W. Arnett, as chairman of the relief committee of the Red Men, reported the case to the board of health and asked that legal steps be taken to have the body interred. An investigation will be held, and if Mrs. Dast persists in her refusal to stand the expense of the funeral, it may devolve upon the county to bury Dast, who, it is said here, leaves an estate in Philadelphia valued at $20,000 to $30,000, and life insurance to the extent of $6,000 or $8,000.

### Sad Fate of Italian Girl.

New York, Sept. 27.—A strange romance veils the sad fate of a beautiful Italian girl, Giaconda Fiami, who leaped overboard from the steamship Koenig Albert, at Quarantine today, and was drowned before help could be summoned. The body was swept to sea in the onrushing tide. Alantina Valenci'o, who sailed with Giaconda from Geno has been held pending an investigation, The ship was not long from Geno, when it was seen that the girl was afraid of Valentino, and seemed to be within his power. Passengers on the ship believed that she had been abducted. Valentino smiled grimly when he heard of the girl's death. He declared that he had never met the girl before he boarded the ship.

### The President's Movements.

Oyster Bay, N. Y., Sept. 27.—President Roosevelt will leave tomorrow afternoon on the Mayflower for Provincetown, Mass., to observe the gun practice on the ships at sea. The President expects to return to Oyster Bay Sunday morning. As the President will leave for Washington on Monday morning Assistant Secretary Latta will make no more appointments for social or official visitors until he returns to the capital.

### New York Stock Market.

New York, Sept. 27.—The stock market showed decided strength after the opening with Reading, Brooklyn Rapid Transit, Canadian Pacific, and rubber the most prominent features of the upward movement. Other stocks had just about joined in the rise, when wild reports were circulated on the floor of the exchange that New Orleans was under 12 feet of water. Selling orders poured into the market in large volume, carrying prices down with a rush, from 2 to 3 points. A telegram from New Orleans stating that business was going on as usual in that city restored confidence. The upward movement was resumed.

### Killed in Football Game.

John Kennedy, of Troy, N. Y., captain of the Lawrenceville football team, was killed yesterday afternoon during a practice game between the 'varsity and scrub elevens at Trenton, N. J. Capt. Kennedy had made a long end-run, when a high tackle was made by one of the scrub players, several of whom were soon upon him. In the scrimmage Capt. Kennedy fell heavily and sustained the injuries resulting in his death. He was hurt to an extent that he retired at once from the game, although it was not known that his injuries were of so serious a character. Capt. Kennedy got up from the ground with some difficulty, and although evidently suffering, walked from the field to the gymnasium and thence to the dressing-room on the second floor. Here he fell in a faint and did not regain consciousness. A physician worked over the young man for thirty-five minutes, but he did not revive. A post-mortem examination showed that a small blood vessel at the base of the brain had broken. Capt. Kennedy was nineteen years of age and a third-year man, who was preparing to enter Princeton University.

Following the example of the locomotive, practically every class of skilled workmen employed by the Panama Canal Commission has made a demand for higher pay. The steam shovel engineers, now the best paid craftsmen on the isthmus, have asked for $250 a month, an increase of $40.

### A Narrow Escape.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

### IN MEMORIAM.

In sad but loving remembrance of our darling LUCY ADELE TOY, who died September 27, 1905, one year ago today.

An angel in the book of life
Wrote down an infant's birth,
And whispered ere he closed the page,
"Too beautiful for earth."
And when the reaper, Death, passed by
He read the words and smiled,
Then folded in his icy arms
This lovely little child.
The mother wept, but angels sang
In soft and sweet accord,
And welcomed darling Lucy home
To the garden of the Lord.
Gone but not forgotten.

BY HER GRANDMOTHER.

### W. C. T. U.

Last night's session at the Baptist Church of the W. C. T. U. of Virginia was one of the most interesting of the series and the church was crowded to its full capacity. The devotional services were held by Rev. Dr. Fisher. Solos were sung by Miss Lucy Graves, Mrs. William P. Woolls, Dr. Outcalt, Mr. J. Harris Franklin and Mr. Richard Wirt, and there was a contest between six young ladies for a gold medal for the best-rendered recitation. The judges were Judge L. C. Barley, State Senator Lewis H. Machen and Rev. W. J. Morton. The contestants were as follows:

Mrs. Olla H. Wilkerson, Washington, D. C.; Miss Ella G. Smith, Lincoln; Miss Nancy Lee Simmons, Martinsville; Mrs. Cline, Newport News; Miss Cora Rawzie, Rappahannock, and Miss Cassie Young, Danville. These contestants having won both silver and gold W. C. T. U. medals contested for a grand gold medal. Miss Cassie Young was the successful contestant and was eligible for a diamond medal contest.

The church was crowded. The silver offering was generous. Mr. L. H. Machen, Dr. Morton, of Christ Church, and Judge Barley were the judges. Dr. Morton presented the medal gracefully. Miss Smith, of Loudoun, and Miss Martin, of Charlottesville, State superintendent of medal contests, presided.

The executive committee met at 9 o'clock this morning and was in session until 10 o'clock. At that hour devotional exercises were conducted by Mrs. Matthews. The report of the executive committee was submitted and adopted. Then followed interesting talks from superintendents of departments. The memorial services were solemnly conducted by Mrs. Amy C. Weech.

During the morning Mrs. Lillian M. N. Stevens, president of the National W. C. T. U., and Miss Anna A. Gordon, vice president of the order, arrived and made short addresses.

After noon-tide prayer the convention adjourned till 2 o'clock.

The programme for the afternoon session is as follows:

Devotional exercises—Rev. Mr. W. J. Morton.

3:15—Minutes of morning session.

Report of executive committee.

Report of committee on resolutions.

Children's meeting.

Singing—Miss Nettie Henshaw.

Address to the Ys—Miss Anna A. Gordon, General Secretary of World's L. T. L.

Tonight's programme will be as follows:

Devotional exercises—Rev. Edgar Carpenter.

Music by choir of M. E. Church South.

Address—Miss Anna A. Gordon, vice president of National Woman's Christian Temperance Union.

Solo—Mrs B. Hulfish.

Collection.

Address—Mrs. Lillian M N. Stevens, president National Woman's Christian Temperance Union.

The convention will adjourn tonight.

### Fireman Killed.

Fireman Jacob B. Harris, of the Southern Railway, was struck by a shifting engine in the yard in this city at 2:25 o'clock this morning and instantly killed. The unfortunate man was the fireman of a passenger locomotive which had returned from Washington. After his engine had been placed in the round house he started to walk through the yard with the intention of proceeding to his home when he was struck by the shifting engine which was backing toward the roundhouse at the time. He was knocked down and run over. His head was completely severed, his left arm cut off and both legs broken. His remains were taken to Demaine & Son's undertaking establishment where an inquest was held by Dr. Moore, the Coroner, at 11 o'clock this morning. The following gentlemen composed the jury, Samuel E. Lindsey, foreman; Richard Gibson, D. L. Aitcheson, Courtney Acton, C. M. Lennon and Joseph Lowenbach.

Mr. John Coleman, who was engineer of the shifting engine, testified concerning the accident. He said he did not see Harris, and was unaware of the fact that his engine had run over a man until told of the occurrence by Brakeman William Baumgarten, who was on the steps of the tender at the time

Brakeman Baumgarten testified that a lamp was hanging on the rear end of the tender and that he had another in his hand; that when the tender struck Harris the latter collided with the witness; that he called to the engineer, who stopped the locomotive as soon as possible.

The jury returned the following verdict:

We, the coroner's jury, find that Jacob B. Harris came to his death by being run over by an engine, in the Southern Railway yard, in charge of Engineer John Coleman, about 2:15 a. m. this date.

S. B. MOORE, Coroner.

Fireman Harris was a native of Midway, Tenn., and lived with his sister, Mrs. Jacob Corl, 1813 Duke street. He was 29 years old.

### Assailant and Murderer Indentified

Deputy Sheriff Howard Field, of Alexandria county, left for Richmond today to procure the signature of Gov. Swanson to requisition papers for Joseph Wright, colored, who is now in jail in Washington. Wright has been positively identified by Miss Mabel Risley and Forrest Gooding, both of Washington, as the man who assaulted and robbed them near Four-mile Run the night of September 9. Yesterday Annie Green, the colored woman who was in the buggy with Jackson Boney when he was shot and killed near the south end of the highway bridge several weeks ago, and who has since been held on suspicion by the authorities of the county, was taken to the District jail by Sheriff Palmer and Commonwealth's Attorney Crandal Mackey, and from a crowd of about fifteen negroe prisoners, picked Wright out as the man who forced her to leave the buggy and who then shot Boney in the forehead, killing him instantly. It was said when Boney was killed that he had sold a piece of property and was supposed to have had several hundred dollars on his person. It is expected that Deputy Sheriff Field will return from Richmond to-night, and the governor's requisition will probably be presented to the District authorities to-morrow.

### Police Captain Denounced.

Officials of the District of Columbia have learned that a movement is on foot in southwest Washington, where the Fourth precinct police station is located, to have Captain Matthews, commanding that precinct, removed from the force or reduced in rank and assigned to another precinct. The commissioners received a communication yesterday from a citizen denouncing the action of Capt. Matthews on the night of the accident on the Southern Railway, at Sixth street and Maryland avenue, when Engineer Hugh Murphy was killed. Commissioner Macfarland said yesterday he has considerable information regarding the Murphy affair and the alleged insufficient actions of the Fourth precinct police in connection with it, and that everything was in readiness for the hearing at the District Building this morning.

As a preliminary to the probe the District Commissioners will institute into the death of Engineer Murphy an examination of thirty eyewitnesses to the accident was begun before Commissioner Macfarland today

The examinating was for the purpose of determination the conduct of the police, under Capt. Matthews, who have been charged with delaying the rescue of the unfortunate engineer thirty minutes.

Attorney Charles Bendheim, representing the Brotherhood of Locomotive Engineers drew out from the witnesses that the two jacks were of sufficient lifting power to release the legs of the pinioned engineer.

### Southern Railway Machinists.

James O'Connell, president of the International Association of Machinists, yesterday denied that a strike of the machinists employed in the shops of the Southern road is imminent. Mr. O'Connell asserted that negotiations between the committee representing the machinists and the officials of the Southern were not off. "The committee," he said, "proceeded in the matter as far as it thought advisable, then referred the question to the consideration of the international board. We expect to take the matter up in a few days. Negotiations with the railway officials will undoubtedly be reopened soon." The machinists' committee, representing men employed on the Southern system, are in Washington awaiting the action of the international board.

### Personal.

Among those who enjoyed a visit to Alexandria this summer, and made many friends during their stay here, were Misses Nellie and Blanche Allan, of Culpeper, and Miss Floy Schneider, of Reading, Pa. They were the guests of Mrs. R. H. Dennis, jr., who accompanied them on their departure for Culpeper today.

Mrs. John Leadbeater has returned from Centre Conway, N. H., where she spent the summer.

Mr. George C. West, of Spencer, N. C., and Miss Mabel G. Brown, of this city, were married last night at the parsonage of the M. P. Church by Rev. J. H. S. Ewell.

The engagement and approaching marriage is announced of Miss Janet Brown Fawcett, daughter of Mrs. Edward Stabler Fawcett, of this city, to Mr. Lewis Cheeseman, of Scranton, Pennsylvania.

### Arrival of the New Engine.

The new steam fire engine recently built for the department of this city at Seneca Falls, N. Y., arrived at the Fayette street depot last night. Arrangements for removing the apparatus to the Columbia engine house were made this morning by the Board of Fire Wardens and about noon the engine was in its quarters where it has been inspected by many people. The new engine is of the Metropolitan pattern, and was built by the American La France Company. It is modern in every particular and is provided with double pumps capable of throwing 700 gallons of water a minute. "A. F. D. No. 4" is the inscription on the engine.

### Police Court.

There was but one case before the Police Court this morning, that of Harry Dade and Wesley Carter, both colored, who were charged with fighting on the corner of Queen and Fayette streets about two weeks ago. The police had been on the lookout for them, and yesterday Officers Smith and Lyles took them in charge. Justice Caton fined them $2.50 each.

### Governor Accepts Invitation.

Governor Swanson today notified Mr. Louis Shuman, Exalted Ruler of Alexandria Lodge of Elks, that he has accepted the invitation tendered him to be present at the memorial service of the lodge on the first Sunday in December. The Governor will deliver the memorial address on that occasion.

### LOCAL BREVITIES.

The Daughters of America will hold a country social at their hall tonight.

Mrs. W. H. Wheatley fell down a staircase at her home on Prince street, between Fairfax and Lee, a day or two ago and sustained painful injuries. Her head was cut so seriously that it was necessary to take several stitches.

Mr. Joseph F. Rodgers has been engaged by Mr. W. B. Smoot to make extensive improvments at his residence, corner of Prince and Columbus streets. Mr. Rodgers has just finished remodeling the store occupied by Lowenback Bros. and owned by Mr. Richard Gibson. This is now one of the most attractive corners in Alexandria.

The United States prisoners in jail in this city will be transfered to Richmond to be tried there on the first Monday in October.

A large number of soldiers went to Fortress Monroe last night on the Norfolk steamer.

[COMMUNICATED]

[The following, slightly paraphased, which appeared in a Washington paper on Sunday and which was intended to apply to Alexandria, was told in this city certainly thirty years ago by a gentleman who laid the scene of the narrative in another State.]

This didn't happen "here in Washington," but the place responsible is not a million miles away. Shortly after the close of the session of a well-known educational institution five young disciples of Blackstone from different sections of the country decided to try it on the dog.

It happened that the term of court in which they were admitted to practice was what is known as the "criminal" term. The grand jury had returned a true bill on an indictment charging a middle-aged darky with chicken stealing, and as the prisoner could not afford to employ counsel, the judge was about to assign some one to defend him, when an embarrassing situation presented itself.

Having personally met each of the youthful barristers, he realized that to designate any one of them might offend the others, and he finally decided to let the prisoner take his choice, so calling to the prisoner to stand up, the court said:

"You may take your choice of counsel," and, pointing to each of those present, said: "That is Mr. B., that is Mr. S., that is Mr. C., that is Mr. M., and," looking around the room, "Mr. N. is not in the room but he will probably be here in a few minutes." The amusement of the court officials and the confusion of the four young lawyers can be imagined when the negro, after blandly surveying the bunch, said; "Please, jedge, I'll take Mr. N."

THE PENITENT REPORTER.

While one of the above young barristees was en route to the capital city Saturday night, he was told by Mr ——, a reporter, that the above would be published in the Sunday issue of his paper. Whereupon the young barrister became very serious, and upon catching the eye of the reporter, told him that he had just made up his mind, on arriving in Washington, to undertake to satisfy that dry and famishing look, which was so obviously portrayed upon his face, but as he had been so unkind to the young barristers and as he (the barrister) was in sympathy with them, he now declined to be so generous and liberal. The atmosphere suddenly changed from merriment to sadness and regret; and the eyes a moment before had twinkled with selfsatisfaction and delight, now appeared to be gazing into infinity, and I fancy I could trace just a tear upon his face, when he said, "Boys: I'm the best friend you have on earth. What I did was prompted by the best motive, and I hope that the article will prove beneficial to you and yours in time to come." X

### Palma Weakening.

President Palma of Cuba, through others, yesterday permitted it to be indicted that he had misunderstood Secretary Taft's letter to some extent, and that he might be willing to resume negotiations.

At a moderate assembly called yesterday afternoon it was agreed to appoint a committee to negotiate terms of peace with a committee of the rebels and liberals, leaving all points upon which no agreement is reached to the arbitration of the American commissioners.

The moderates have abandoned the condition that the rebels must first lay down their arms before negotiations can commence.

Before this resolution was adopted, however, fiery denunciation of the conduct of the United States were delivered, some of the speakers declared in favor of appealing to the world powers and others even talked of dynamiting American property. Officers of the Rural Guard who were present applauded the inflammatory utterances.

### Eliminating the Negro.

Nothing in Virginia politics in a decade has created more interest than the declarations of Mr. George A. Hanson, the republican nominee for Congress from the Richmond district, made Tuesday to the negro voters of Virginia. That some such position would be set up this fall was looked for, but Mr. Hanson's plain and direct words, "It is time the negroes as a party and as leaders were taking a back seat," came as something of a shock to those in full sympathy with the position. In the meeting were most of the prominent white republicans in the district, who greeted the declaration with enthusiasm and applause. The republicans of Richmond say they are tired of the negro's assertiveness in politics, and now that he no longer holds the balance of power they propose to build up a white man's party in Virginia.

CARD OF THANKS.

I wish to express my admiration of our firemen. The intelligence and efficiency displayed by them in their handling of the fire at 219 north Alfred street, on Tuesday last, would reflect credit upon the fire department of any city in this country. Permit me to thank our firemen; also, my friends and neighbors, for their timely and kind assistance whereby they saved me from great personal and financial loss.

Alexandria, Sept. 26 JAMES BAYNE.

### Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. M. Sherman of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by E. S. Leadbeater & Sons' druggist. Price 50c.

### A Queer Cure.

"Riding on an elephant in Ceylon, behind a native prince on a hunting expedition," said a clergyman, "the conversation chanced to turn on indigestion, to which I said I was subject. The prince at once pulled out a black leather button kind of thing, which he was wearing on a string round his neck under his clothes.

"'What's this?' said I.

"'A hyena's snout,' was the startling reply.

"'What for?'

"'To cure indigestion.'

"'How can it do this?'

"'It is very simple. A hyena gets its living by digging up and crunching old bones. Now, it possesses in its snout this peculiar virtue—that when its nose approaches anything hard, such as bones, these tough substances instantly grow soft and enable the animal to eat them with comfort and benefit. So you will find that if you keep this charm hanging round your neck the proximity of the hyena's nose, though dried up and lifeless, will soften your food, however indigestible, to such an extent that you will never again suffer from indigestion.'"

### A Witty Forlornity.

A forlorn looking man said, "I've tried everything that I could turn my hand to, but couldn't make anything answer, and now I have decided to go up among the hills, where they say there's a wonderful echo, to see if I can make that answer."

### At the Art Museum.

Her Husband—That statue isn't true to nature. His Wife—What's wrong with it? Her Husband—Why, it represents a woman sitting still, saying nothing.—Columbus Dispatch.

### Is It?

Ethel—Mamma, what makes the lady dress all in black? Mamma—Because she is a sister of charity, dear. Ethel—Is charity dead, then?

The first Lombary poplar in America was planted by Michaux in 1785.

### Corrected.

"Miss Isabel, you are not at all like other girls."

"That is not a compliment, Mr. Spooner. You should say that other girls are not at all like me."

### Quite Proper.

Little Rollo—Pop, what is an upright piano? Pop—One that plays only sacred music, my son.—Woman's Home Companion.

### Not Conceited.

She—All men are conceited. He—Not all. I see a man every day who is not conceited. She—Where? He—In the mirror.

He who does not improve today will grow worse tomorrow.—German Proverb.

### A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds, Chilblains and Salt Rheum. Only 25c at E. S. Leadbeater & Sons' drug store.

Good for the cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by W. F. Creighton & Co., 401 King street.

### FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.
